

# **FORT FRANCES CURLING CLUB**

December 19, 2021

In light of the Province of Ontario's recent announcement, the following will apply:

- 50 % capacity for the restaurant area which means 84 people, not including staff
- teams will once again sit at their own table, as directed by the sheet they are playing on (same as last year)
- Lockers will remain in use but we ask that you not linger, respect #s and distance.
- The club will be closed on December 24th and reopen on January 3rd. This will give our ice crew time to carry out maintenance on the ice.
- Should you and your team decide not to curl this week, please give Rick a call right away so he can make arrangements with the other team.
- We will be monitoring announcements by the Northwestern Health Unit and Province of Ontario and will adjust our plan as required.
- If you have been exposed or in contact with someone who has tested positive or feeling symptoms, please do not curl.

**The safety and well being of our membership, staff and the community is of our utmost concern.**

**Fort Frances Curling Club Board of Management**
